Casuarina Library Opens Monday

The Casuarina library will reopen on Monday the 15th December at 9am.

The library was closed on the 12 of September for 12 weeks to be refurbished. The refurbishment was substantial with over \$1.6M spent on new air con, carpets, hundreds of new books, new public PCs (now have 12), games consoles, automatic self checkouts and revamped meeting rooms.

Darwin City Council Libraries welcome all our returning customers along with new ones.

We would like to remind residents membership is free and the benefits and services are great.

So drop in and see the new refurbished Casuarina Library.

Date: 12 December 2008
