Neighbour Day this Sunday!

Darwin City Council supports Neighbour Day and encourages Darwinian's to be more Neighbourly!

Neighbour Day is Australia's national celebration of community, bringing the people next door or across the street together for a barbie, a drink or just a cuppa.

Recent events across our nation have shown us all how important our neighbours are, so Darwin City Council has jumped on board to encourage all our residents to get to know their neighbours. After all, we are all part of the neighbourhood!

Neighbour Day, held on the last Sunday in March each year, was founded in Melbourne in 2003. It is now a well established initiative and is becoming a global event with the backing of the United Nations.

Neighbour Day encourages all of us to develop a greater sense of community caring and social inclusion; to look out for the recently arrived, the vulnerable and isolated in our community – particularly those who live alone.
